Subject: report suggested changes
Attachments: Draft - Induced seismicity Dec 10 2013_RobNancy.docx

My edits (built on the one Rob sent today) have been mainly in the main text body, however, Phil and I did fix the text on B-8 (Is consultation with external geoscience and engineering experts warranted?)

There could also be other bits.

Do you want me to switch to a different version before I continue with the citation verification?

Or what would you like me to work on next? heck AR figures?
